Governor Bill Richardson's Office Corrects Fox News Report

SANTA FE – New Mexico Governor Bill Richardson's Office released the following statement in response to an erroneous report by FOX News:

“FOX News incorrectly reported that Governor Richardson has announced he will run for president,” said Gilbert Gallegos, a spokesman for the Governor. “When asked directly whether he will run for president, Governor Richardson said he will make a final decision in January.

“Other comments from the interview were taken out of context based on a hypothetical question that FOX News posed about the Governor's strengths should he run for president.”
