## **Governor Bill Richardson Announces *Afterwards* to be filmed in New Mexico**

SANTA FE—Governor Bill Richardson today announced that the feature film, *Afterwards*, a Fidelite Films and Christal Films production, will be partially shot in New Mexico. Romain Duris, John Malkovich and Evangeline Lilly will star in the film.

*Afterwards* tells the story of Nathan, a recently divorced lawyer, who is shaken up after meeting a doctor who claims that he has the ability to sense when certain people are going to die. The doctor believes he is sent to help those people put their life in order before it's too late.

Nathan comes to understand that the doctor believes he is going to die soon, and even though he doesn't believe him, certain disconcerting events in his life start to make him think that his days are numbered.

The production will be shot in and around Albuquerque, Alamogordo, Jemez and Tularosa from June 15 - 29 and expects to hire approximately 70 local New Mexico crew members.

The film will be produced by Marc Missonnier and Olivier Delbosc. Gilles Bourdos will direct.

"This is another exciting example of the growth of the film industry in our state and the new job opportunities being offered to New Mexicans. We welcome John Malkovich and Evangeline Lilly, along with the rest of the cast and crew to our state" said Governor Bill Richardson.

Since Richardson took office, over 65 feature films and television series have shot in the state, adding over \$1.1 billion dollars to New Mexico's economy.
