Governor Bill Richardson Reacts to Senate Action

SANTA FE – Governor Bill Richardson issued the following statement this evening following Senate action on two bills he proposed for the special session of the Legislature:

“I am pleased that the Senate took the time to debate and take action on two pieces of our agenda,” Governor Bill Richardson said. “While the House still has to act, I am encouraged by the passage of a transportation package that allows us to move forward and partner with cities and counties to build critical local road projects.”
